School of Medicine

**Faculty Compliance Statement**

Please answer the statements below. If you have any questions regarding your ability to comply, please contact the CME office as soon as possible.

Agree Disagree NA

Recommendations involving diagnosis and treatment discussed in my presentation are based on evidence that is accepted within the profession of medicine as adequate justification for their indications and contraindication in the care of patient and does not promote a specific propriety of business or commercial interest.

All scientific research I will refer to, report on, or use in my presentation will be in support of or in justification of patient care recommendations and will conform to the accepted scientific standards. Citations will be presented when appropriate.

Objectives of my presentation are consistent with overall objectives of the course, and the content is relevant to participants needs.

I have disclosed to CME all relevant financial relationships.

I have not and will not accept any honoraria, additional payment or reimbursements beyond that which has been agreed upon directly with IU CME.

I understand that CME may need to review my presentation and/or content prior to the activity, and I will provide educational content and resources in advance as requested.

If I am presenting at a live event, I understand that a CME monitor will be attending the event to ensure that my presentation is educational, and not promotional, in nature.

If I am discussing specific health care products or services, I will use generic names to the extent possible. If I need to use trade names, I will use trade names from several companies when available, and not just trade names from any single company.

If I am discussing any product use that is off label, I will disclose that the use or indication in question is not currently approved by the FDA for labeling or advertising.

If I am a speaker for any commercial interest, the promotional aspects of this relationship will not be included in any way with this activity.

If I am presenting research funded by a commercial company, the information presented will be based on generally accepted scientific principles and methods, and will not promote the commercial interest of the funding company.
